

NERCF User Rates (Feb 2025)

Equipment	Rate (\$/h)					
	Internal		External			
	NU System	Technician/ Staff for internal	Other University/ Government	Technician/ Staff for external non-profit	Industry	Technician/ Staff for external profit
Anasys+ afm+	25/20 [#]	50	50	75	100	100
Asylum 3D Bio AFM	25/20 [#]	50	50	75	100	100
Hysitron Nanoindenter	25/20 [#]	50	50	75	100	100
Keyence Laser Scanning Microscope	25/20 [#]	50	50	75	100	100
FEI Quanta SEM	30/25 [#]	50	60	75	120	100
FEI Helios FIB	50/40 [#]	50	100	75	140	100
Astrella Femtosecond Laser	15/50 [#]	50	100	75	Request Quote	100
Spark Plasma Sintering System	35	50	70	75	140	100
Lakeshore Probe Station	12/10 [#]	50	24	75	48	100
VersaLab 3T VSM	12/10 [#]	50	24	75	48	100
3D Metal Printer (Lumex Avance-25) Reactive	Request Quote	50	Request Quote	75	Request Quote	100
3D Metal Printer (Lumex Avance-25)	Request Quote	50	Request Quote	75	Request Quote	100
3D Metal Printer	Request Quote	50	Request Quote	75	Request Quote	100

(Optomec LENS 3D)						
Zeiss Confocal	35/30[#]	50	70.00	75	140.00	100
Cressington sputter	20	50	30	75	40	100
Cellscale Univert Uniaxial Materials Tester	15/10[#]	50	30	75	60	100
Cellscale Micro-squisher	15/10[#]	50	30	75	60	100
Cellscale Biotester Biaxial Tissue Tester	15/10[#]	50	30	75	60	100
Anasys nanoIR2	30/25[#]	50	60	75	120	100
LPKF Protolaser	25	50	50	75	100	100
Nikon X-ray CT	35	50	70	75	140	100
CT Graphic Processing	12	50	24	75	48	100

+Coherent femtosecond laser rates are \$15 for unassisted and \$50 for assisted; Please contact Dr. Zulke (czuhlke@unl.edu) for quotes associated with using Astrella Femtosecond Laser.

instrument for night-time and weekend use

*Please contact the Nebraska Engineering Additive Technology (NEAT) Labs for quotes associated with using metal 3D printer, NEATLABS@unl.edu

For training and paid service, the technician/staff rate for internal users is \$50/hr, for external non-profit user is \$75/hr, for external profit user is \$100/hr.
