

Showing Your Cat in 4-H

UNIVERSITY OF
Nebraska
Lincoln

EXTENSION

How to prepare:

1. Veterinary visit.
 - Your cat is required to have rabies, panleukopenia, viral rhinotracheitis, calicivirus, & feline leukemia vaccinations
 - Must have veterinarian signed "Nebraska 4-H Certificate of Vaccinations" form
2. Check for external and internal parasites
 - Look for fleas or signs of fleas on your cat
 - Check ears for signs of mites
 - Recommended that a flea and tick preventative be used on any cat you plan to show
 - You will not be allowed to show if parasites present
3. Prepare your showmanship presentation
 - Start on this a few weeks before the fair
 - Practice handling the cat so its comfortable
4. Study for showmanship exam
 - Use your 4-H Cat Manuals
5. Groom 2-3 times per week
 - This prevents mats in hair and keeps your cat used to being handled
6. Bathe your cat 2-3 days before the show
 - By doing it early, you allow the natural oils in your cat's hair to return
 - Also some cats will shed more after bathing and this will keep your cat from shedding in the show
7. Trim toenails
 - All cats should have their nails trimmed
 - Best if done 2-3 days before show
8. Clean around ears and eyes
 - To make sure there is no build up around eyes or in ears, wipe with moist cotton ball to clean

What to bring:

1. Cat
2. Carrier
3. Food and water
4. Litter pan with litter
